

MAJOR MILESTONE: U.S. Life Sciences Investments Top \$500B+

Pharmaceutical companies are continuing to invest big in America, **pledging more than \$582 billion** since 2025. The surge in American-based investment strengthens the future discovery and delivery of life-altering treatment for U.S. patients while benefiting a sector of the economy that America must continue to secure its position in as a world leader. The life science industry supports **more than 4.9 million jobs**, including **226K+ in California** as of 2022.

Nation-high number of investment announcements: **Johnson & Johnson's** two new facilities; **Roche's** \$2 billion fill-finish biologics plant in Holly Springs; **Novartis's** two new facilities and a site expansion across Durham and Morrisville; **Biogen's** \$2 billion manufacturing expansion and modernization in Durham and Wake Counties; **Ypsomed's** first U.S. manufacturing facility in Holly Springs; **Sanner's** new facility in Greensboro

Congress: Protect America's Position As the World Leader in Life Sciences. Oppose Importing Foreign Healthcare Policies & MFN Drug Pricing

Continued sector investment requires a policy environment that encourages innovation and protects American jobs. Global competitors, including China, are closing the gap.

Drug pricing policies like Most Favored Nation threaten America's biotech revolution.
