

MAJOR MILESTONE: U.S. Life Sciences Investments Top \$500B+

Pharmaceutical companies are continuing to invest big in America, **pledging more than \$582 billion** since 2025. The surge in American-based investment strengthens the future discovery and delivery of life-altering treatment for U.S. patients while benefiting a sector of the economy that America must continue to secure its position in as a world leader. The life science industry supports **more than 4.9 million jobs**, including **133K+ in Maryland** as of 2022.

IN MARYLAND

Billions of
dollars of
investment

Thousands
of new local
jobs

At least four major projects: **AstraZeneca's** construction or expansion of three R&D and manufacturing facilities in Frederick, Gaithersburg and Rockville; **GSK's** manufacturing site modernization

Congress: Protect America's Position As the World Leader in Life Sciences. Oppose Importing Foreign Healthcare Policies & MFN Drug Pricing

Continued sector investment requires a policy environment that encourages innovation and protects American jobs. Global competitors, including China, are closing the gap.

Drug pricing policies like Most Favored Nation threaten America's biotech revolution.

230+

fewer new
medicines
over 10 years

**1.1
million**

lost jobs

Surrender
competitive
edge to
China

Fail

to lower patient costs or
address the real drivers
of rising healthcare costs
