

MAJOR MILESTONE: U.S. Life Sciences Investments Top \$500B+

Pharmaceutical companies are continuing to invest big in America, **pledging more than \$582 billion** since 2025. The surge in American-based investment strengthens the future discovery and delivery of life-altering treatment for U.S. patients while benefiting a sector of the economy that America must continue to secure its position in as a world leader. The life science industry supports **more than 4.9 million jobs**, including **55K+ in Virginia** as of 2022.

Congress: Protect America's Position As the World Leader in Life Sciences. Oppose Importing Foreign Healthcare Policies & MFN Drug Pricing

Continued sector investment requires a policy environment that encourages innovation and protects American jobs. Global competitors, including China, are closing the gap.

Drug pricing policies like Most Favored Nation threaten America's biotech revolution.
